

RESIDENTIAL **Harc**

RESIDENTIAL SERVICES PROVIDE SUPPORT TO A PERSON TO:

- ✓ Lead a great life
- ✓ Live a life that is meaningful and purposeful in a variety of settings
- ✓ Meet their dreams and goals

WHAT WE DO

Harc staff works with the person and their entire family as partners. We work as a team in supporting the person to determine their vision for the future and assist with the emotional and practical issues associated with making a successful transition.

Our family culture promotes respect, dignity, self-determination, and competence. Each person has a carefully developed (IP) Individual Plan that is developed by the person and their team.

The team is made up of people who are important to the person we support. All areas of life are considered including independence, medical needs, cooking, banking, transportation, personal care, and recreation

TYPES OF RESIDENCES

INDIVIDUAL HOME SUPPORTS

Provide support to a person with I/DD in their apartment or family home. These supports are individualized to meet the needs of the person to live as independently as possible, or to help a family maintain their loved one at home.

COMMUNITY COMPANION HOMES (CCH)

Individuals reside in a community member's home with structured monitoring and supports from Harc. These are caring families with whom the person with I/DD is matched based on the unique needs of both the family and the individual. Each family is licensed and goes through an extensive background check to ensure quality and safety.

COMMUNITY LIVING ARRANGEMENTS (CLA)

&

CONTINUOUS RESIDENTIAL SUPPORTS (CRS)

A CLA is a group of people living in a home that fosters a warm, supportive, and inclusive environment. 24-hour Direct Support Professionals, also known as Resident Support Assistants, ensure that all programs and services provided enhance the lives of the individuals, including advocating for them as necessary. Residents are active members of the community and participate in local social events.

A CRS is a shared living arrangement for three or fewer DDS Individuals. It offers a variety of flexible supports tailored to the people who live together. A CRS is not licensed as a CLA, but can provide 24-hour staff support.
